

Hey Cheetah-B!

Good morning.

I love you.

Sorry, not gonna happen.

It's said that we can send out positive energies
by saying nice things to one another!

The Message Experiment

Day 1

For the sake of experiment...

You are a burden to
this universe.

Really? Sounds like
a fun experiment!

Let's try it!

Wow, is this the power of
all our negative messages?

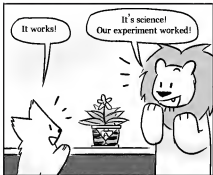

Let's see the other plant!

Wow. Plant A grew a flower!

Amazing!

Next morning

Hi Cheetah-B!

New plants? We already have plenty of greenery in our office.

I hate you.

The Message Experiment

Day 3

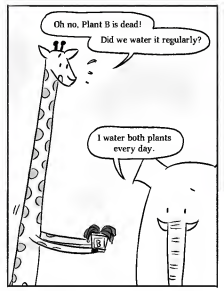

ROAR STREET JOURNAL

The Message Experiment

Oh no, Plant B is dead!

Did we water it regularly?

I water both plants
every day.

Dear plant, you are the most
pretty, cute, lovable and adorable
plant I have ever seen!

You are the worst plant I have
ever seen! I hate you so much.
I'll never talk to you again!

Rephrased from
argument with boyfriend

We are going to have
a new experiment!

Starting from today, everyone must say
something nice to me when they come to work!

We will do this for a whole month
and see the results!

You're beautiful... you're so
beautiful...it's true...

Animals Around The World
#23

Nida Gedvilaite

I am from Lithuania and our National animal is a Bison :)

And our National bird is a Stork

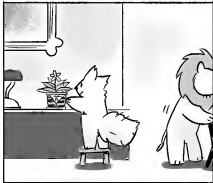

Love your comic keep up the great work <3

Hey Foxy, nice plants!

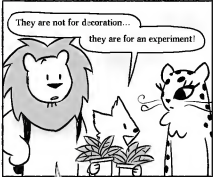

Where did you get them?

Hi Leo! I bought them
at the farmer's market.

They are not for decoration...

they are for an experiment!

Huh? Experiment?

So we can also send out negative energy
by saying nasty things.

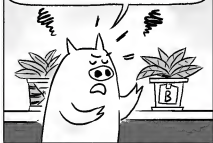

In the experiment, the scientist
said nice messages to one plant,
and bad messages to the other plant.

SCIENTIST DISCOVERS POWER
OF MENTAL MESSAGES

The two plants turned out
very differently!

My sons are so annoying! They spilled the dinner all over the floor last night and refuse to go to bath... me and my wife couldn't sleep...

The Message Experiment

Day 30

Stay well, grow well.

May you be surrounded
by positivity.

Readers from Lithuania!

The Message Experiment

Day 2

...You are too ugly to draw.

Even though I can't tell the difference between both plants...

The White Stork is the national bird of Lithuania.
It's believed that storks carry babies and bring
harmony to the families where they choose to nest!
